

TOM HARTLEY JNR

2005 Harley-Davidson CVO Screamin Eagle Fat Boy Mist/Slate £16,500

Mileage	713 miles	Engine Capacity	1690cc
Body Style	N/A	Fuel	Petrol
Transmission	N/A	Chassis No.	955111

The Harley-Davidson "Fat Boy"™ has been one of the best-selling cruisers since it was launched back in 1990. This particular Fat Boy is a Screamin Eagle and is an even more special example compared to the standard bikes on account of its custom specification by Harley-Davidson's Custom Vehicle Operation, (CVO). This model represents the pinnacle of Harley-Davidson style and design, it is a limited production bike of which our example represents 1 of just 230 examples delivered to Europe.

Being a CVO option this example not only has special limited-run paint finish but it has a bigger engine than the standard versions (1690cc compared to the standard models only having 1450cc). It is fitted with a fantastic array of optional extras from new which include; a Screamin Eagle shotgun exhaust as opposed to the standard Harley-Davidson exhaust (the Screamin Eagle exhaust is louder and increases performance by around 8%), saddlebags, custom foot pegs, auxiliary light kit (2x extra lights either side of the main headlight) and smoked lenses instead of the standard orange.

TOM HARTLEY JNR

This particular example is a single owner, UK registered and has only covered a mere 713 miles from new. It also boasts very good service history from new.

Presented in 'as new' condition throughout and without a doubt this Screamin Eagle represents a great opportunity.
