The pinnacle of the current Mercedes-Benz SL range is the 6.0-litre twin-turbo SL65 AMG, capable of producing 630 BHP. This particular example has a very high specification, which includes AMG carbon-fibre trim, Designo headlining in black leather, AMG performance steering wheel, multi-contour seats, climatized seats, Airscarf, panoramic glass roof with magic sky control, Bang & Olufsen sound system, Comand system including satellite navigation, DAB radio and media interface, reverse camera, Driving Assistance Package Plus with Distronic, electric wind deflector, Keyless Go, red brake callipers, tyre pressure monitoring system, garage door opener, remote boot closing, plus much more. This example was UK supplied and has had only 1 owner from new. It is in faultless condition throughout and a huge saving off list price!
