

TOM HARTLEY JNR

1992 LANCIA Delta Integrale HF Evo I Martini 5 White With Martini Livery with Black Alcantara Recaro Seats

SOLD

Mileage	1,678 miles	Engine Capacity	1995cc
Body Style	Saloon	Fuel	Petrol
Transmission	Manual	Chassis No.	568066

This amazing 'Martini 5' spent 22 years in the showroom of the Lancia dealer Nuovauto, in Montevarchi, Italy, before being sold to the first owner. The second and previous owner bought the car in 2014 with only 1,800km on clock where it resided alongside a fine stable of cars. Furthermore, this is one of the most interesting versions of the Delta Integrale, the 'Martini 5' was launched to celebrate the fifth World Rally Championship title won by Lancia. This is number 77 out of 400 examples ever produced, fitted with red-stitched black alacantara Recaro bucket seats. Complete with its original manuals including its service/warranty supplement, pouch, Clarion radio and still with factory plastic protection covers on the doors. A truly exceptional original car throughout!
